Irish Family Business

# Why use Envirogreen?

Multi Award winning environmental services company including Ulster Bank Best Green Business and All- Ireland Green Initiative of the Year.

We recover 100% of all waste streams we collect, unlike the recycling centers that landfill all mattresses.

Fully licensed and Repak accredited.

We are creating Irish Jobs. In the two years, we have created over 80 positions throughout Ireland.

We have over 70 years waste management experience in our management team, including international recycling expertise.

We sponsor Irish Sporting Events including Irish Speed Boat Racing.

All of our profits are reinvested into the company to provide an even greater service.

Complete transparency and accountability.

Innovative company always striving to recycle new materials.

100% Irish, buy Irish to create Irish Jobs.

We are committed to working with and giving back to the community as shown by our clean up operations.

The first company in Ireland to introduce detailed carbon reduction recycling reports outlining how much co2 and the number of cars equivalent saved by recycling.

\*€25 fee denotes collection and recycling charge of a single mattress. Doubles Mattresses are €30 and King Mattresses are €35.
